Research in Progress

"Digital Learning Expression of Vocabulary Learning and Story Retelling" (On-Going)
Fourth grade students are using MacBook pros, greenscreens, and iMovie software to express vocabulary learning and story retelling. Research are comparing various factors found to determine the impact of best practices with technology designed for learning expression.

"Elementary Students Use iMovie and a Green Screen for Story Retelling and Story Related Vocabulary Retention with Digital Learning Expressions" (On-Going)
This study will explore the effect of learning expression technologies now used in elementary schools, and researchers want to review students' digital learning expressions for story retelling and story vocabulary retention.

"Undergraduate Research: Scaffolding and Learning" (On-Going)
This is a summary of two different undergraduate research projects and the experiences shared by professors and student researchers.
